DECEMBER 28, 1935 SEPTEMBER 15, 2020

Beverly Joan Gresham was born in South Dakota, December 28, 1935. She passed away on September 15, 2020, in Westminster, California. She and her mother Erma, her father Forrest "Brooks," and brother Jerry moved to California in 1940. She attended Bell High School and Compton Jr. College. She grew up in Maywood, moved to Downey and eventually to Westminster. She began her career at North American Aviation at the Compton Facility in 1954. She worked in several departments as a Secretary from 1954-1965. In 1965 she transferred to Customer Relations and remained until her retirement in 1999. She had a long and interesting career at NAA, North American Rockwell and Boeing, which purchased North American Rockwell Aerospace in 1996. After the merger, the Aerospace division moved to Huntington Beach under Boeing in 1998. During her career, she met and worked with all of the Astronauts. She became their go-to for everything from scheduling meetings to making sure they always got to eat at Esther's, the best Mexican food in town. Beverly is survived by her nephew-in-law Peter Corpus, and her great-nieces Cierra Corpus and Jiana (JJ) Hinojosa. She is preceded in death by her mother Erma, her father Forrest, her brother Jerry, and her niece Diana Gresham Corpus, as well as her beloved cats, Gwynn and Cowboy. Beverly helped anyone who needed help with information about the launches, accommodations, patches, brochures and more. She always put "you" first before herself. Everyone who knew her will immensely miss her. At the present time, no Celebration of Life has been set up.
